

Desert Horse Equestrian Services Presents

Intermediate Massage and Bodywork for Horse Owners

River Valley Ranch
9801 E. Millmar Rd.

Sunday, April 4
1-5 p.m.

Eliminate more small aches before they become a big pain!

Learn simple techniques you can use at home in a practical program to help maintain soundness, maximize performance and develop a stronger connection with your horse.

You'll refine the massage skills practiced in the introductory clinic and use essential oils to make your hands-on time more effective. In addition, you'll apply acupressure techniques to balance the energy in the meridians for your horse's general well-being and explore ways to ease individual conditions.

Every participant will leave with an information packet including laminated acupressure charts and a bottle of Desert Horse's exclusive massage oil blend.

Check-in will be at 12:45 p.m. Participants should have previously attended an intro. session. Water provided.

Your well-mannered horse who cross-ties quietly is welcome. All horses will be handled by the entire group.

For more information, contact Stacey Kollman at 520-762-9124 or go online to www.deserthorseinc.com

Mail payment to 141 W. George Truit St., Vail, AZ 85641

Please detach here and mail this form with your payment.
